

The HEINE range of proctological instruments includes both disposable and reusable instruments either with the 6 V lamp handle or a range of Fiber Optic Projectors and Fiber Optic cable.

Disposable tubes eliminate cross-infection and cleaning time. Translucent tube wall and distal annular light exit provide reflection free, homogenous illumination. More than 5x as bright as other disposable tubes. Quick Connect System fits most popular instrument heads. Graduated in centimeters for clear indication of insertion length. Cost effective.

HEINE UniSpec® Disposable Tubes

- ✦ **Disposable.** No cross-infection.
- ✦ **No cleaning required.** Saves time.
- ✦ **Moulded in patient-friendly thermoplastic.**
No cold sensation on insertion.
- ✦ **Light transmission through the tube wall. Distal annular light exit.**
Bright, homogeneous illumination of the area examined, reflex reduction.
- ✦ **Graduated in cm (inside the tube for patient comfort).** Indication of insertion length.
